

Direct contacts in a school environment, regardless of vaccination or masking status, may remain in the classroom environment if they:

1. Wear a mask for 14 days after their last date of exposure.
2. Self-monitor, or parent-monitor, for [symptoms of COVID-19](#).
3. Isolate and get tested if they start to experience symptoms associated with COVID-19 (regardless of level of severity).
4. Consistent with guidance for others quarantining in lower-risk environments, students and staff may discontinue these quarantine procedures after seven days — if they meet two basic criteria: one – they don't develop symptoms, and two – they test negative between days 5-7.
5. You can read the full document at:
<https://coronavirus.ohio.gov/static/responsible/schools/k-12-schools-quarantine-alternative.pdf>.

This only pertains to a school exposure. Not exposure outside of school.
